AME at Cable Airport now offers 1st and 2nd class medical exams!!

Dr. Dai Tran who is an on-site AME here at Cable Airport and works in collaboration with our FBO DC Flight Stimulation now offers 1st and 2nd class medicals here on the premises. Dr. Tran shares our enthusiasm for general aviation and is a great asset to our local aviators.

Dai Tran is retired from the US Air Force as a chief flight surgeon in 2020 after serving 28 years. He is board-certified in family medicine and aerospace medicine. Dai has been an FAA Aviation Medical Examiner (AME) since 2002. The AME exam offices are co-located inside DC Flight Simulation, which is part of the large hexagonal building located on the south side of Cable Airport (KCCB) in Upland, CA. Feel free to email or contact Dai Tran with any questions you have or if you make an appointment.

Dai Tran
(850) 867-1147
Dai.tran.ame@gmail.com

Next meeting is Tuesday November 12th at 6pm in the Cafe and ALL are welcome!! If you have any questions in the meantime, feel free to reach out to Tina (in the Cafe) or Ryan (in the Airport office). Looking forward to seeing you there and hearing your ideas!

EAA Chapter 448 – November Events

VMC Club
 Wednesday, November 13th
 7 pm

Question of the Month

Consider the yellow-tinted areas on a sectional chart. If you are flying outside a yellow area, is that considered flying over a sparsely populated area with regard to minimum safe flight altitudes (FAR 91.119)?

(Keep reading for the answer below!)

Help us keep the Spirit of Aviation alive by joining us at our chapter events right here at Cable Airport in the EAA Chapter 448 clubhouse on the north side of the airport. In addition to our in-person events, we provide an online option for those who cannot make it in person. Everyone interested in aviation is welcome at our events.

Contact us at contact@eaachapter448.org to subscribe to our mailing list and receive meeting links and further information about our events.

Join us for this month's **Chapter Meeting and VMC Club** on **Wednesday, November 13th at 7 p.m.**

Question of the Month – Answer

According to the FAA's Aeronautical Chart Users Guide, yellow-tinted areas of a sectional chart indicate populated places, with the range of population indicated by the font style and size (see below). However, that does not imply that areas not tinted yellow are sparsely populated.

Populated Places

Yellow tinted areas indicate populated places.

Small circle indicates an area too small to depict using yellow tint.

Font Style and Size indicate the category of the populated area:

Large Cities Category 1
 - population more than 250,000

ST LOUIS

Cities and Large Towns Category 2
 - population 25,000 to 250,000

NASHVILLE

Towns and Villages Category 3
 - population less than 25,000

Frankfort

Transition Fee will go into effect immediately

We have realized that when we are transitioning a tenant from one hangar to the next (when you've moved up on the list and get to upgrade) there is some extra paperwork and additional staff time required. So effective immediately if you are a tenant that is transferring from a shade to a T-hangar we will be implementing a \$25 dollar transition fee that will appear as such on your customer account. If you are moving to an even bigger hangar, from a T to a Box, or bigger there will be a \$50 transition fee that will apply. This will help offset some of the costs we occur along the way. We thank you for your understanding as we do our best to keep costs at a minimum.

Civil Air Patrol Corner

Happy November fellow Cable Aviators,

The air is starting to get crisp which means Fall is here. As the days get shorter there at Civil Air Patrol are wrapping up another year as our fiscal year ended September 30th, there is a lot of new activity getting underway as the new year starts.

1. Squadron 25 has a new group commander. Maj. Andrey Tikhonov has been assigned as group commander covering all of the inland empire.
2. Squadron 25 is kicking off its drone program November 1. This will enable CAP to utilize drones in both Search and Rescue and other critical missions.
3. There is now a huge push for new pilots. 1st. Lt. Dennis King, 2d Lt. Mike Furtanado and Sm. Andrew Awad will soon start the curriculum to become CAP mission pilots.

If you are interested in joining or just interested in what we do please feel free to reach out to me.

Composite Squadron 25 meets every Thursday at the Civil Air Patrol Building adjacent to the run-up area of Runway 24 from 1830-2100 hours.

Again thank you Cable family and friends for your support of CAP it is appreciated.

1st Lt. Dennis R. King
 Squadron Commander
 Squadron 25 Cable Composite Squadron
 (626)367-4034

Club Meetings / Events

Civil Air Patrol Squadron 25 – Meets every Thursday in the CAP HQ, 6:30pm to 9:00pm. For more info: 909-982-4014

Cable EAA Chapter 448 – Chapter 448 is meeting in-person and on-line, 2nd & 4th Wednesday at 7pm. For information about the chapter or to join the EAA Chapter 448 email list to get meeting notices & details of on line meetings, send an email: contact@eaachapter448.org

We are also available at 909-295-2284 cell/text/voicemail

EAA Young Eagles – For info, visit www.YoungEagles.org.

Veterans of Foreign Wars Post 10489 – Meets second Wednesday, 7pm to 9pm, at the seven-sided building, for more info: 909-224-3259

Antique Aircraft Display Weekend – Meets first full weekend of the month. Park in any transit area. Check-in at the Foothill Flying Club beginning at 8am. For more info: call the Airport Office at 909-982-6021

Exotic Car Show – Meets second Sunday, 8am to 10:30am. For more info: Dan McGuire at 909-238-9227
