Happy New Year!!!**

EAA Chapter 448 –December Events

VMC Club
Wednesday, December 10th
7 pm

**Question of the Month****What does it mean to be established on an instrument approach?**

(Keep reading for the answer below!)

Help us keep the Spirit of Aviation alive by joining us at our chapter events right here at Cable Airport in the EAA Chapter 448 clubhouse on the north side of the airport. In addition to our in-person events, we provide an online option for those who cannot make it in person. Everyone interested in aviation is welcome at our events.

- **Join us for this month's Chapter Meeting and VMC Club on Wednesday, December 10th at 7 p.m.**

Contact us at contact@eachapter448.org to subscribe to our mailing list and receive meeting links and further information about our events.

Question of the Month – Answer

While some pilots may believe they must be within a specified distance of a fix or geographic point, such a condition, while helpful in maintaining situational awareness, is not necessarily required. The following references suggest that the aircraft must be on the centerline of the subject course, and at the assigned or prescribed altitude.

According to the FAA Instrument Procedures Handbook, FAA-H-8083-16B, Chapter 4:

For aircraft operating on unpublished routes, an altitude is assigned to maintain until the aircraft is established on a segment of a published route or IAP. (Example: "Maintain 2,000 until established on the final approach course outbound, cleared VOR/DME runway 12.") The FAA definition of established on course requires the aircraft to be established on the route centerline. Generally, the controller assigns an altitude compatible with glideslope/glidepath intercept prior to being cleared for the approach.

From the AIM:

When operating on an unpublished route or while being radar vectored, the pilot, when an approach clearance is received, must, in addition to complying with the minimum altitudes for IFR operations (14 CFR Section 91.177), maintain the last assigned altitude unless a different altitude is assigned by ATC, or until the aircraft is established on a segment of a published route or IAP. After the aircraft is so established, published altitudes apply to descent within each succeeding route or approach segment unless a different altitude is assigned by ATC.

Reminder Special Events Insurance Is Now Required

If you ask the airport to host a gathering exceeding **20** people or more inside your hangar, the Airport will now require you to provide *events liability insurance* listing Cable Airport as additionally insured. We will need to be given two weeks advance notice of any gathering and event along with proof of additional insurance will be required before approving and programming the gates.

Civil Air Patrol Corner

Season Greetings Cable Family

Your Civil Air Patrol Squadron has had a busy month of November.

Our month consisted of the following;

Elt search in Riverside Ca.

Elt search in Homeland Ca.

Lost hunter search near Fresno

Lost/missing person near Watsonville

The government shutdown has affected us. We have not had any cadet programs outside activity i.e. orientation flights as well cutbacks in maintenance.

While missions are not affected other activities are.

Squadron 25 has also launched a fundraiser selling Worlds Finest Chocolate bars for \$2.00 dollars. These funds help cadet programs as well as other programs. If anyone is interested in participating or making a donation to Civil Air Patrol I can provide them a tax letter.

We are off for normal meetings for Thanksgiving, Christmas and New Years.

Squadron 25 will also have their Christmas banquet and awards ceremony at the Commemorative Air Force at KRAL on December 14th at 1700 hours.

We are always looking for new recruits both cadets and seniors.

If you are interested in learning more about Civil Air Patrol please feel free to reach out to Lt. Dennis King at (626)367-4034

Club Meetings / Events

Civil Air Patrol Squadron 25 – Meets every Thursday in the CAP HQ, 6:30pm to 9:00pm. For more info: 909-982-4014

Cable EAA Chapter 448 – Chapter 448 is meeting in-person and on-line, 2nd & 4th Wednesday at 7pm. For information about the chapter or to join the EAA Chapter 448 email list to get meeting notices & details of on line meetings, send an email: contact@eaachapter448.org

We are also available at 909-295-2284 cell/text/voicemail

EAA Young Eagles – For info, visit www.YoungEagles.org.

Veterans of Foreign Wars Post 10489 – Meets second Wednesday, 7pm to 9pm, at the seven-sided building, for more info: 909-224-3259

Antique Aircraft Display Weekend – Meets first full weekend of the month. Park in any transit area. Check-in at the Foothill Flying Club beginning at 8am. For more info: call the Airport Office at 909-982-6021
